
PROVIDER FILE DEFINITIONS

MODES AND SERVICE FUNCTIONS

SERVICE FUNCTIONS TO BE USED WITH MODE 15: (continued)

Service Function 58:

Therapeutic Behavioral Services (TBS)

These services are the same as collateral and Mental Health Services, except they consist of one-to-one therapeutic contacts with a mental health provider and a beneficiary for a specified short-term period of time (shadowing), which are designed to maintain the child/youth's residential placement at the lowest appropriate level by resolving target behaviors and achieving short-term treatment goals. The mental health provider is on-site and is immediately available to intervene for a specified period of time, up to 24 hours per day, depending on the need of the child/youth.

Service Functions 19, 39, 49, 59:

Mental Health Services – Professional Inpatient Visit

These services are the same as Mental Health Services except the services are provided in a non-SD/MC inpatient setting by professional (former non-SD/MC Fee-For-Service) staff.

Service Functions 60-68: Medication Support Services

Medication support services include prescribing, administering, dispensing, and monitoring of psychiatric medication or biologicals necessary to alleviate the symptoms of mental illness.

Service Function 69:

Medication Support – Professional Inpatient Visit

These services are the same as Medication Support except the services are provided in a non-SD/MC inpatient setting by professional (former non-SD/MC Fee-For-Service) staff.

Service Functions 70-79: Crisis Intervention

Crisis Intervention is a quick emergency response service enabling the client to cope with a crisis, while maintaining his/her status as a functioning community member to the greatest extent possible. A crisis is an unplanned event that results in the client's need for immediate service intervention. Crisis Intervention services are limited to stabilization of the presenting emergency. Service activities include but are not limited to Assessment, Evaluation, Collateral, and Therapy.
